The members of BOS have given the following suggestions:

- **Dr. P. Venkata Krishna**, University Nominee, Sri Padmavathi Mahila Vishwa Vidyalayam, Tirupathi, suggested to include more practical applications of graph theory in computer science, such as network analysis & social network algorithms, and to provide problem-solving sessions focused on real-world scenarios in *Discrete Mathematics & Graph Theory*.
 - *The suggestion is sent to BOS-S&H, which is accepted and incorporated.*
- **Dr. P. Venkata Krishna**, suggested to expand the unit on Machine Learning to include more modern algorithms and techniques, such as deep learning, reinforcement learning, and transfer learning, and to add a section on AI ethics and the social impact of AI technologies in *Artificial Intelligence*.
 - *The Suggestion is accepted and planned to conduct workshop and guest lecture on AI ethics and the social impact of AI technologies.*
- **Dr. P. Venkata Krishna**, suggested to introduce more contemporary data structures such as B-trees, Trie, and advanced heap structures. Include algorithmic problem-solving sessions to enhance practical understanding in *Advanced Data Structures & Algorithms Analysis*.
 - *The suggestion is sent to BOS-CSE, which is accepted and incorporated.*
- **Dr. P. Venkata Krishna**, suggested to incorporate advanced topics like design patterns, functional programming in Java, and concurrent programming, and to

provide project-based learning to implement comprehensive Java applications in *Object-Oriented Programming Through JAVA*.

- *The suggestion is sent to BOS-CSE, which is accepted and incorporated.*
- **Dr. P. Venkata Krishna**, suggested to add hands-on labs using popular ML frameworks such as TensorFlow, PyTorch & scikit-learn, and include case studies on ML applications in various industries in *Machine Learning*.
 - *The suggestion is sent to BOS-CSE(AIML), which is accepted and incorporated. Department will conduct a guest lecture on ML applications in various industries.*
- **Dr. P. Venkata Krishna**, suggested to update the curriculum to cover NoSQL databases, distributed databases, and cloud-based database solutions. Provide practical assignments on database design and optimization in *Database Management Systems*.
 - *The suggestion is sent to BOS-CSE, which is accepted and incorporated.*
- **Dr. P. Venkata Krishna**, suggested to include modern front-end and back-end technologies, such as React, Angular, Node.js, and MongoDB. Emphasize best practices in software development, including version control, testing, and deployment in *Full Stack Development-I*.
 - *The suggestion is sent to BOS-CSE, which is accepted and incorporated.*
- **Dr. P. Venkata Krishna**, suggested to incorporate more interactive workshops and hackathons to foster innovation and creativity. Provide real-world problem statements for students to solve using design thinking methodologies in *Design Thinking & Innovation*.
 - *The suggestion is sent to BOS-Mech, which is accepted and incorporated.*
- **Dr. P. Venkata Krishna**, suggested to ensure the lab sessions include practical implementations of algorithms discussed in the theory. Use real datasets for experiments to give students hands-on experience in data preprocessing, model training, and evaluation in *AI & ML Lab*.
 - *The suggestion is accepted and incorporated.*

Dear Madam,

Kindly provide the year of the book versions in text books and reference books. Since the advancement in the syllabus is important and it needs to be visible in the syllabus. Other than that, the syllabus is good and it is approved.
