Technical Innovation PreranShiksha (Inspirational Learning)

Activities under Technical Innovation

As engineering students, it is the prior sense of duty to develop and enrich their technical knowledge. SITAMS provides a platform through this club. The students are encouraged to become the member of this activity under this club to enhance their skills and perspective. This club not only help the students to explore their hidden talents but also help in areas such as personality development and inculcating the spirit of organization by providing them with a platform for hosting their technical talents. The focus of the tech club primarily is to help the students gain practical as well as theoretical technical knowledge
