K LAVANYA

ALUMNI - MASTER OF COMPUTER APPLICATIONS

Associate Software Engineer

Torry Harris, Bangalore

I am reaching out to share some experience from my educational journey at SITAMS and my professional experience since joining Torry Harris Integration Solutions as an Associate Software Engineer(Apigeer Developer).

My time at SITAMS, I had the privilege of immersing myself in a dynamic learning environment that not only provided a strong foundation in Master of Computer Application(MCA) but also encouraged holistic development. The academic rigor, coupled with a vibrant campus life, provided me with a well-rounded education. The cornerstone of my college experience was undoubtedly the friendly and supportive faculty. Our lecturers at SITAMS went beyond their roles to ensure that we not only understood the subjects but also nurtured a passion for continuous learning, The collaborative and nurturing environment shaped my mindset, fostering qualities such as curiosity, resilience, and teamwork. It was during my college years that I discovered my interest in API development, and little did I know that this interest would become a focal point in my professional career.

Fast forward to the present, and I find myself proudly associated with Torry Harris Integration Solutions as an Associate Software Engineer(Apigeer Developer). Joining this esteemed organization marked a significant milestone in my career journey. As an Apigeer Developer, my role revolves around BT projects of designing, developing API, and getting deployed to production . I have had the privilege of working on projects that not only challenged me but also allowed me to apply the knowledge gained during my academic years. The collaborative and innovative culture at Torry Harris Integration Solutions has been a driving force behind my professional growth.

My responsibilities as an apigeer developer include proficient in designing, implementing, and optimizing APIs using Apigeer Edge. Expertise in API lifecycle management, from creation to retirement, ensuring efficiency and compliance. Skilled in implementing robust security measures, including OAuth and API key authentication. Proficient in policy management to control access, secure data, and enhance API performance. Strong analytical and troubleshooting skills, coupled with effective communication and collaboration within cross-functional teams.

My success is largely due to the solid foundation I received at SITAMS and the ongoing support and mentorship from our lecturers. The journey has been fulfilling, and I look forward to contributing more to the dynamic world of API development.

Thanks,
Lavanya K

G SAISREE

ALUMNI - MASTER OF COMPUTER APPLICATIONS

Associate Engineer

TCS, Bangalore

I wanted to take a moment to share some of my unforgettable experiences in SITAMS about my educational journey in MCA and my professional experience in Tata consultancy services (TCS).

Throughout my time in SITAMS, I have been fortunate to engage with professors who are not only experts in their respective fields but also passionate about fostering a dynamic learning environment. Their commitment to academic excellence and their willingness to go the extra mile for students have truly made my college experience enriching and fulfilling.

From thought-provoking lectures to hands-on projects, the faculty at SITAMS have consistently demonstrated a dedication to cultivating a vibrant and supportive community of learners. Their approachability, encouragement, and mentorship have been invaluable, providing me with the guidance and encouragement needed to navigate the challenges of higher education.

My college days were truly transformative. They shaped me into the person I am today and provided a solid foundation for my future career.

And when it comes to professional life I find myself proudly associated with TATA consultancy services (TCS) as an Assistant system engineer and my role revolves around SAP technology. Joining in TCS marked the beginning of the chapter filled with challenging project that pushed me to expand my skills and think innovatively, and I find myself reflecting on the twists and turns of my professional journey. From the uncertainties of the early days to the challenges that shaped my career, it's been a rollercoaster of growth and learning. The lessons from college continue to resonate, serving as a foundation for the skills and experiences that have defined my professional path.

Thank you once again to the outstanding faculty at SITAMS for contributing to a transformative and memorable college experience. Your passion for education has left a lasting impression on my academic and personal growth.

Wishing you continued success and looking forward to carrying the lessons learned into the next phase of my life.

Sincerely,
Saisree.
