Chittoor, (Autonomous)
Department of Electrical & Electronics Engineering**

**ISTE – Sponsored One day National Seminar On “Distributed Generation and
Microgrid”
On
24th January 2023**

The department of Electrical and Electronics Engineering of Sreenivasa Institute of Technology And Management Studies (SITAMS), Chittoor organized a ISTE -sponsored one day national level seminar on “Distributed generation and Microgrid” on January 24, 2023 in gallery. The seminar focused on the importance of distributed generation and microgrid with its relevant research interest. The programme started at 09.30 AM with the prayer song sung by EEE students followed by welcome address by Ms. Y. Latha. The dignitaries on the Dias were Dr. P. Aruna Jeyanthi, Professor/EEE, Kalasalingam University, Krishnankoil, Tamilnadu, Dr. N. Venkatachalapathi, Principal/SITAMS, Dr. M. Saravanan, Dean/Academics, Dr. V. Maheswari, Head of the department/EEE and Dr. R. Suresh, Associate professor/Program coordinator.

Opening remarks and introduction of the programme was given by Dr. R. Suresh. He highlighted the importance of having knowledge on distributed generation and microgrid for an electrical engineer. He emphasized the need of taking the laboratory level experiments to the real-world problems. He also welcomed all the participants of the event and expressed his gratitude for the Chairman Mr. K. Ranganatham, Secretary Mr. D.K. Badrinarayana and Academic advisor Dr. K.L. Narayana for giving an opportunity to organize a seminar on a topic, relevant to the academic need. Interested faculty and all the students from EEE department were invited in seminar.

The key note address was given by Dr. V. Maheswari, HoD/EEE. She shared her views on the topic. She gave several research related ideas which have been proposed by recent researcher in the field of interest. She felicitated the guest Dr. P. Aruna Jeyanthi, Professor/EEE, Kalasalingam University by presenting a bouquet.

Dr. P. Aruna Jeyanthi presented in session 1 about the importance of distributed generation and she elaborated the need of studying the topic related to today's scenario. At session 2 she continued discussing about the concepts of microgrid with its importance for research related works. At session 3 the participants were allowed to interact with the guest for clarifying all their doubts related to the topic. And the feedback form were collected during the last 10 minutes of the session.

All the dignitaries on the dias were lighten the lamp in the felicitation ceremony followed by the felicitation with a memento and shalve by Prof. Ramesh R Halakurki who has given vote of thanks for all the participants and the organizer of an event. The programme wrapped up around 04.00 pm.
