

**REPORT ON**  
**TWO-DAY WORKSHOP ON “PYTHON KICK-START: STUDENT**  
**KNOWLEDGE SHARING”**

**DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING**  
**UNDER THE BANNER OF SAA & SITAMS WOMEN EMPOWERMENT CELL**

**ACADEMIC YEAR: 2025-26**

**DATE:02/02/2025**

A Two-Day Workshop on “Python Kick Start: Student Knowledge Sharing” was organized on 31st January 2025 and 01st February 2025 at the Seminar Hall, SITAMS College. The event was jointly conducted by the Student Activity Association (SAA) and the Women Empowerment Cell (WEC) to enhance the coding skills of junior students through peer-led learning.

The workshop was addressed by final-year CSE students — K. Swapna, N. Harini, M. Gnapika, and P. S. Jyoshna Sai, who served as the speakers and resource persons. Their sessions focused on simplifying Python fundamentals and guiding juniors through practical coding exercises, making the learning process more interactive and relatable.

The event was graced by Dr. N. Venkatachalapathi, Principal, Dr. Saravanan, Dean Academics, and Dr. N. Sambasiva Rao, Dean R&D, who appreciated the initiative of students taking the lead in technical knowledge sharing. The workshop saw an active participation of 100 students from 1st and 2nd year, creating an engaging learning environment.

The objective of the workshop was to introduce students to Python programming, strengthen their basic coding skills, and encourage peer-to-peer learning for better understanding and confidence. The sessions covered core Python concepts, logical thinking, hands-on exercises, and beginner-level problem solving.

The students gained practical exposure to Python coding, improved logical reasoning, and developed the confidence to start writing basic programs independently. The workshop also promoted collaboration between senior and junior students, creating a supportive learning culture within the department.

The Two-Day Workshop concluded successfully, receiving positive feedback from the participants and encouraging the continuation of student-driven technical activities.
