

REPORT ON
IMPORTANCE OF NETWORKING AND MAKING FRIENDS”

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

UNDER THE BANNER OF SPARK CLUB

ACADEMIC YEAR: 2025-26

DATE:18/03/2025

The Department of Computer Science and Engineering, along with the Spark Club Coordinators, organized an interactive session on “Importance of Networking and Making Friends” on 17th March 2025 at the Seminar Hall, SITAMS College. The event aimed to motivate students to understand the value of building meaningful connections in both academic and professional life.

The session was addressed by Abinaya, Lavanya, Aravind, and Chaithanya, active and dynamic III-year CSE students, who shared their experiences on how networking helps in personal growth, teamwork, and career opportunities. Their insights encouraged juniors to participate actively in college activities and interact with peers for mutual learning.

The program was honored by the presence of Dr. N. Venkatachalapathi, Principal, and Dr. N. Sambasiva Rao, Dean – R&D, who appreciated the initiative and guided students on the long-term benefits of building strong relationships and social connections.

Around 100 second-year students attended the session and contributed to interactive discussions, making the event highly engaging and impactful.

The main objective of the session was to highlight how networking and friendships improve communication skills, build confidence, create supportive environments, and open pathways to new opportunities. Students were encouraged to collaborate, share knowledge, and develop strong interpersonal bonds within the college community.

The event proved highly beneficial as students gained awareness about the importance of social connections in academic performance, teamwork, project collaborations, and future professional networking. Many students expressed that the session inspired them to interact more openly and actively within the department. The session concluded successfully with positive feedback from participants and faculty.
