

## ***Placement Training on Quants and Reasoning***

**Resource : Ways Open Consultants Pvt Ltd, Chennai**

**Date : 30th May to 8th June 2019**

PAT Cell organized 8 days training program on Placement Training on Quants and Reasoning by Ways Open Consultants Pvt Ltd, Chennai. Four resource persons from the company took part in the event to handle the Placement oriented training for the final year students.

All the final year B.Tech. and MCA students participated in the 8 days placement training program. In this training program Students learnt the topics on Aptitude, Reasoning and Verbal. Communication skills practicing sessions also conducted during this training. All the students were grouped into 4 batches and attended the sessions. The training team explained the tricks to solve the aptitude and reasoning problems. The students learnt how to solve the given question quickly within the specified time with accuracy.

This training program helped the students to improve their analytical skills for the placement drives and other competitive exams.

College management appreciated the training team for their efforts and for conducting the sessions effectively. In placements these training sessions helped the students to clear the initial round of recruitment process.
