This is to inform that the Departmental Association has successfully conducted an Awareness Programme on “**Drugs and Ganja, Road Safety and Helmet Use among Youth**” in collaboration with the **Police Department**.

The following outcomes were achieved through the programme:

- The programme created awareness among students about the harmful effects of drugs and ganja on health, academic performance and future career.
- Students gained knowledge about the legal provisions and penalties related to the use, possession and trafficking of drugs and ganja.
- The session enhanced students’ understanding of road safety rules and safe behaviour while using public roads.
- Students realized the importance of helmet use and responsible riding practices to reduce road accidents and serious injuries among youth.
- The programme encouraged students to adopt a safe, healthy and responsible lifestyle and to contribute towards a drug-free and accident-free society.

The programme was organized with the objective of creating awareness among students about the development activities in Chittoor and to motivate youth to actively participate in the growth and progress of the society. The resource persons from Chittoor Development Society addressed the students and explained the various initiatives undertaken for the development of Chittoor in areas such as education, infrastructure, public welfare and social responsibility.

The speakers also highlighted the important role of youth in nation building and emphasized how students can contribute through social service, innovation, leadership and community participation. Students were encouraged to take responsibility as future professionals and to actively involve themselves in developmental activities.

The session was informative and interactive. Students actively participated in the discussion and the programme was well appreciated by both students and faculty members. The Awareness Programme was successfully completed and achieved its intended objectives.
