Technical Training on Coding Skills and Generative AI Tools

Date: 19th March, 2025

Time: 9.30 AM to 4 PM

SITAMS Placement Cell in collaboration with Career Connect Academy, Chittoor organized **Technical Training on Coding Skills and Generative AI Tools** for the B.Tech. 3rd year students on 19th Mar 2025. Venue – Sathya Keshava Gallery.

The resource person for the event is Mr. Santhosh, Chief Training Officer, TAP Academy, Bangalore. During the session, the trainer explained the simplest ways to under the coding questions. He emphasised how to decode the question and write the logic for the same. Some Leet codes and Hacker Rank questions were solved in the morning session.

In the post lunch session the resource person conducted the session on Generative AI Tools. He demonstrated how the AI tools are to be used to write the programs. He has given the prompting tips to interact with the AI tools and to get the coding output. He used a website design example to demonstrate the working of AI.

Cursor AI, Chat GPT and other free and paid tools he explained in detail. The session was very interactive. Third year Students participated in the session. Students learnt how to solve the given coding question into a program. College management, Principal appreciated the resource person for introducing the students about the latest technologies.
