Industrial Visit to Sri Vensy Technologies Pvt.Ltd

Date: 10-03-2026

Students from **Sreenivasa Institute of Technology and Management Studies** visited **Sri Vensy Technologies Pvt.Ltd** as part of an **Industrial Visit** to understand real-world software development and IT industry practices. During the visit, students learned about software development processes, project management, and modern technologies used in the IT industry.

Introduction: An industrial visit to **Sri Vensy Technologies Pvt. Ltd.** was organized to provide students with practical exposure to the IT industry. During the visit, students learned about emerging technologies such as Artificial Intelligence, Machine Learning, Data Science, Python Programming, and Robotics. Industry experts explained real-time projects, software development processes, and career opportunities in the technology sector. The visit helped students understand how theoretical concepts are applied in real-world environments and enhanced their technical knowledge and professional skills. Overall, it was an informative and valuable learning experience.
